

# ***ELECTRA-RIDE LT***

## ***Straight-Rail Stairlifts***

With an adjustable seat height and low footrest height, you will be totally at ease on your Electra-Ride LT. The standard swivel seat makes it easy to reach the top or bottom of the stairs.

### **Battery Powered**

Using two 12-volt batteries that are continuously charged by an integrated battery charger plugged into a standard household outlet, The Electra-Ride LT features strip charge contacts for more flexibility when parking.

You have access to your upstairs or downstairs, even if electrical service in your home is interrupted.

# Electra-Ride LT

The Electra-Ride LT's seat swivels at the top and bottom of stairs for easy entry and exit.

Folding rail option allows full clearance to doorways or hallways without rail obstruction

The two wireless call/send controls make installation simple and clean with no wires running along the wall

The arms flip up and out of the way for easy wheelchair transfer.

The footplate and carriage safety sensors stop you, even if the slightest obstacle is in the way while you ride!

## Quiet & Smooth Operation

The rack and pinion drive provides a smooth ride which is exceptionally quiet, while the covered gear rack gives you a clean and attractive rail.
