Great Oaks Country Club

777 Great Oaks Boulevard • Rochester, Michigan
(north off University between Livernois & Rochester)

In Memory...

Gene Filippis

October 29, 1937 - June 20, 1997

Eugene (Gene) Filippis, C.P.O. was a man of vision devoted to his family, dedicated to his profession, and extremely loyal to his employees. The oldest son of Tony Sr. and brother to Nancy (Hakala) and A.J., Gene became President and CEO of Wright & Filippis in 1981.

A member of the American Academy of Orthotists and Prosthetists since 1972, Gene also directed the Rehabilitation Research Center (now the Filippis Foundation) which was developed to sponsor a variety of educational programs for those with disabilities.

Gene lost his life to cancer in June 1997 at the age of 59 after a lengthy and valiant battle. Gene's compassion, kind heart and listening ear is missed by all who knew him.

Beneficiaries

Filippis Foundation

The Filippis Foundation is a non-profit organization founded by Wright & Filippis. It offers a multitude of services, programs and education that allow the disadvantaged and physically challenged the independence to see their dreams turn to reality.

Athletes with Disabilities Hall of Fame

The Hall of Fame's mission is to honor Michigan's athletes with disabilities who have demonstrated achievement in sports and are positive role models in the community, as well as to educate the public about sports for the disabled.

Alternatives in Motion provides wheelchairs to individuals who do not qualify for other assistance, and who could not obtain such equipment without financial aid. They accept donations of new and gently used manual and power wheelchairs in excellent condition and rely entirely on private donations and support.

Asthma Network of West Michigan

educates those caring for individuals with asthma and intensively case-manages low-income children and adults with moderate to severe asthma. The achievement of both these goals leads to a decrease in the morbidity and mortality associated with asthma.

Detroit Lions Charities was established in 1990 to assist all age groups in a diverse range of needs and programs in Michigan. Particular emphasis is placed on programs that benefit the children and youth of Detroit.

MI Paralyzed Veterans of America has served Michigan for 45 years, 'making a difference' in the lives of veterans, their families, and the public. They are a leadership organization reaching out on behalf of their members (veterans with spinal cord injury or disorders), associate members, and all people with disabilities to provide the highest possible quality of life in Michigan.

Otsego Memorial Hospital Foundation is charged with raising support to help fund the tangible items - what you touch, feel, and hear at OMH - all of which facilitate your intangible healthcare experiences at OMH, the ones you can't quite put into words.

Wheelin' Team 457 provides the physically challenged with indoor and outdoor sports and recreation. It provides education and guidance to community, state, and nation and strives to touch the world.
