RE: Coronavirus - Update on Nursing Homes

We are coming off a Holiday weekend- and for many it was a first time not being able to gather with friends and family by tradition. The importance of remaining diligent to rid this virus from our lives continues to be a priority for all.

There has been more and more coverage of Skilled Nursing facilities and Senior Living Facilities being consumed with positive cases of COVID-19. As a result effective immediately the clinicians will no longer enter a SNF in Macomb, Oakland or Wayne counties. In the event you get a call to see a patient in one of these facilities please reach out to the appropriate Clinical Director to discuss options for treating the patient before denying service.

Effective this week we will be limiting announcements to Monday, Wednesday and Fridays. Unfortunately as we all get used to the new normal, there is less to report daily. We will remain focused on updating everyone on important and relative information.
